OHS Professional eNews - Issue 293, 11 May 2017

What's the next evolution in safety for boards?

[View this email in your browser](#)

Issue 293, 11 May 2017

Why big business need to lead work health and safety

Dear Colleagues,

If you haven't already seen it, make some time this week to listen to a podcast recording of "Why big business need to lead work health and safety". It's a panel based discussion lead by Jennifer Hewett which examines and provides examples of how board level involvement in the workplace can make significant changes in organisational culture.

Click [HERE](#) for the podcast.

Have a great week.

Dave

Wigglesworth Awards

Don't forget to nominate for the 2017 Wigglesworth Awards. The winner of the award will receive a professional development fund to the value of \$3,000. The educational institution of each winner will also be recognised with a commemorative plaque.

Nominations can be made by the thesis supervisor, a peer of the nominee or the graduate via self-nomination.
